Software Developing Specialist

91 9096065769 aashishgangwani@gmail.com

<https://www.linkedin.com/in/aashish-gangwani/> Navi Mumbai, Kharghar, 410210

EXPERIENCE

Software Developer

FROQ FAR EAST BRANDSERVICES PVT. LTD.

03/2023 - 08/2024 Mumbai, India

Company focused on brand services.

- Developed core features for applications using PHP, Pimcore, and NextJS, driving impactful enhancements across projects.
- Mentored fellow developers by sharing expertise and best practices, fostering their technical growth and team cohesion.
- Elevated code quality through the rigorous creation and maintenance of comprehensive unit tests, ensuring robust and reliable features.

Software Integration Engineer

DROPSUITE

07/2021 - 01/2023 Mumbai, India

Provider of cloud-based backup and recovery solutions.

- Integrated services and optimized back-end systems using Ruby on Rails and TypeScript, driving efficient service connections across applications.
- Seamlessly connected AutoTask PSA with the company's web app, overcoming complex integration challenges.
- Collaborated with cross-functional teams to enhance application performance, aligning efforts for optimal outcomes.

- Improved deployment pipelines by leveraging **Unix environments**, ensuring smooth production releases.

- Applied **C++ experience** in optimizing backend components for system-level operations.

Software Developer

FREEABILLION

07/2018 - 09/2018 Mumbai, India

A fast-paced political agency.

- Implemented technology solutions that exceeded performance expectations, closely aligning with project specifications.
- Led back-end development for four essential features in web applications using PHP, delivering high-impact functionality.
- Collaborated seamlessly with graphic designers and developers in a fast-paced setting to achieve cohesive project outcomes.
- Optimized the Social Network website with complex code for lists and efficient database queries, driving smooth functionality and user experience.

EDUCATION

Post Graduation Diploma in Data Science

UpGrad

08/2021 - 09/2022 Online

Bachelor of Computer Engineering

Thadomal Shahani College

04/2014 - 09/2017 Mumbai

SUMMARY

I am a dedicated Software Developing Specialist with a solid foundation in Computer Engineering and a Post Graduation Diploma in Data Science. My experience includes enhancing application performance, mentoring peers, and implementing robust back-end systems. I thrive in collaborative environments, ensuring the delivery of high-quality software solutions that facilitate user needs and drive organizational success.

SKILLS

Android	Data Science	Git
Ionic	Java	NextJS
NoSql	PHP	Rails
Ruby	Ruby on Rails	SQL
Typescript	Vanilla JS	

PROJECTS

YehChina App

📅 01/2016 - 01/2016

An adaptive learning application for language education.

- Developed an adaptive learning app for Chinese language education on Android using Java and XML, providing an engaging and structured experience tailored to language learners.

Loan App

📅 01/2020 - 01/2021

A loan application platform.

Built a comprehensive loan application platform using Ionic, enabling users to apply for loans efficiently, with an intuitive interface designed for streamlined
